

FOR SALE – PRICE REDUCED!!
1994 Coachmen Class C
Catalina Sport Motorhome (220RK)

350 Chevy engine, 22 foot, 72,100 miles, 12 foot awning, many storage compartments, sleeps 6 with a sofa/sleeper, dinette/sleeper and overhead queen size sleeper. Kitchen in rear: double stainless steel sink, 3 burner stove with oven, refrigerator (LP/AC), exhaust vent, furnace, LP gas detector, carbon monoxide detector, fire alarm, fire extinguisher, LCD TV, TV antenna, wired for satellite, GPS, full bath, hot water heater, roof AC, 6.5 Onan generator with only 150 hours with auxiliary extension cord and receptacle, generator exhaust stack (venturi style), leveling blocks, stabilizer jack stands, sewer hoses and connections, water hoses, 2 heavy duty 30 foot electrical extension cords, DC to AC converter, patio mat, windshield privacy cover, towing hitch, all manuals and schematics, recently serviced, etc.

We've owned this RV for 4 years, and love it, but we have decided to sell it for various reasons (unrelated to the RV itself.) This RV was in great shape when we bought it, but we have improved it with the following: We added a new awning, 6500 watt Onan generator, new auxiliary battery, new tires (recently), all new brakes, new exhaust system, LCD TV, wiring for satellite dish, new LP detector, new patio mat, GPS, Smyth County Jam logos (can be easily removed), exhaust stack for generator, etc.

This is a great vehicle to take on vacations, to the fiddler's conventions, parks, beach, etc. It is very easy to drive, and in excellent mechanical condition. We are asking \$7,995 so if you are interested please contact Larry or Sandy Hogston.
